

Example 1

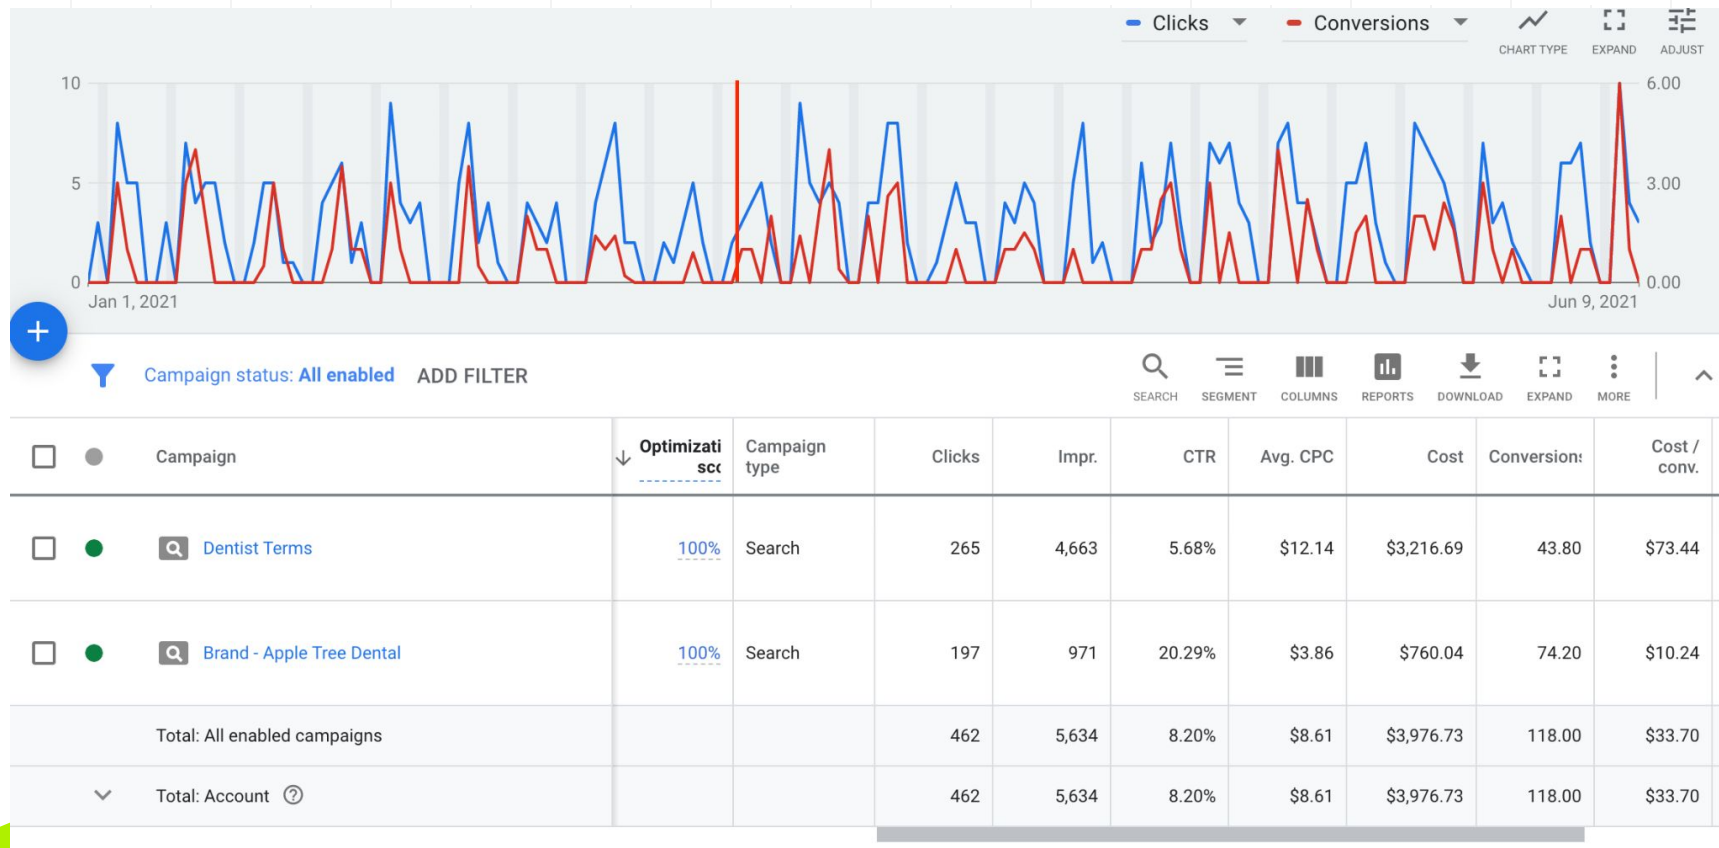

For both examples they needed more conversions. The additional goal was to work on lowering the cost per conversion

We can see that conversions increased by 88.51% and the cost per conversion went down.

# This is the overall picture of the account health.

**Example 2**

# Here we see how it was performing in the beginning.

The real power comes when we see the full picture. The ride line indicates when I impacted the account.

## So what happened?

- Keyword sculpting
- Improve ad copy
- Edit campaign settings
- Breakout adgroups
- Include dynamic ads
- Include bid adjustments for times of day and devices

Doing these strategies and other small ones helped the accounts improve drastically.
